

## POWER CUT A12 ALUMINIUM NEAT CUTTING OIL

**POWERCUT A12** is a non-staining type neat cutting oil blended from high VI base oils and is free flowing, giving better heat dissipation characteristics. This oil is suitable for machining of aluminium components.

CHARACTERISTICS	POWERCUT A12
Kinematic Viscosity @ 40°C, cSt	12
Flash point, COC, °C, min.	160
Pour point, °C, max	-6

### APPLICATION:

- Recommended for machining aluminium components, particularly in drilling, cutting and grinding operations where it provides superior surface finish.

### PERFORMANCE BENEFITS:

- Better surface finish
- Longer cutting tool life
- Higher heat dissipation
