

# Androil™

## Multi-Purpose, Food-Grade, Lubricant and Penetrant

**Androil is simply a better extreme-pressure food-grade machinery lubricant and penetrant for almost every food processing application.**

### Used Extensively In...

- Industries Requiring H1 Lubricants
- Food Processing Plants
- Bottling Plants
- Dairies
- Meat & Poultry Packing Plants
- Breweries
- Industrial Manufacturing
- Automotive Garages
- Steel Mills & Foundries
- Federal, State & Local Agencies
- Textile Mills
- Canneries
- Marine
- Farming
- Water Departments
- Paper Mills & Packaging
- Printing Facilities
- Machine Shops

- **High-Performance Lubrication** — *Excellent General Purpose Lubricant with Optimum Anti-Wear and Adhesion Characteristics. Provides Excellent Lubricity.*
- **Resists Rust, Corrosion, & Oxidation** — *Anti-Wear and Corrosion Inhibitors Extend the Life of Chain and Cables. Helps Reduce Downtime, Protects, and Extend the Life of Costly Equipment.*
- **Produces a Light Lubricant Film**
- **Clean Lubrication** — *Colorless, Odorless, and Non-Staining.*
- **Excellent Food Grade Chain & Cable Lubricant** — *Quickly Penetrates into Chains, Cables, and Other Hard to Reach Places. Protects from -28 Deg C to 162 Deg C.*
- **Suitable for use as a lubricant with incidental food contact in Federally inspected meat & poultry plants.**

### Applications Include ...

- Sprockets
- Casters
- Shut-Off Valves
- Ball Joints
- Pump Shafts
- Universal Joints
- Cables
- Grid Belts
- Stirrups
- Bushings
- Guide-ways
- Augers
- Pivot Pins
- Fillers
- Food Service Carts
- Corn-Cutting Heads
- Rollers
- Conveyors
- Gears
- Cams
- Shaft Couplers
- Fittings
- Plungers
- Slides
- Chains
- Dicers
- Slicers
- Chutes
- Channels
- Food Racks
- Line Chains
