

STRATA LUBE-20W-40

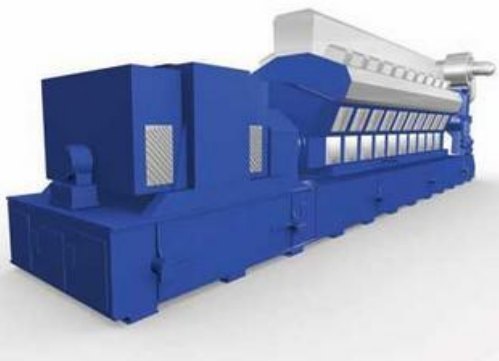

Heavy Duty Diesel Engine Oil

DESCRIPTION

Strata Lube 20W-40 is a premium multigrade diesel engine oil. This oil is blended from selected highly refined, high viscosity index base stocks and contain well balanced group of additives, to provide high detergency, dispersancy and anti oxidation characteristics to meet the stated performance

APPLICATION

Strata Lube 20W-40 is recommended for naturally aspirated, highly supercharged and turbocharged diesel engines operating under severe duty conditions in all seasons.

PERFORMANCE BENEFITS

Strata Lube 20W-40 provide excellent resistance against wear and deposits in automotive supercharged diesel engines

- Have exceptional thermal and oxidation stability to resist decomposition in supercharged engines operating with high ring zone temperature.
- Provide absolute control of corrosive wear that may result from use of high sulphur fuels because of good built-in alkaline reserves.

PERFORMANCE STANDARDS

Strata Lube 20W-40 meets the following specifications:

- API CF/CD
- BIS:13656-2002 E-DL2
- US MIL-L 2104C

CHARACTERISTICS

SAE GRADE	20W- 40
Kin. Vis. cSt @ 100°C	14 – 16
Viscosity Index, Min.	110
Flash point (COC), °C Min.	220
Pour Point, °C Max.	- 21
